

YOU'RE READY FOR THE GOOD LIFE. BUT IS YOUR HOME?

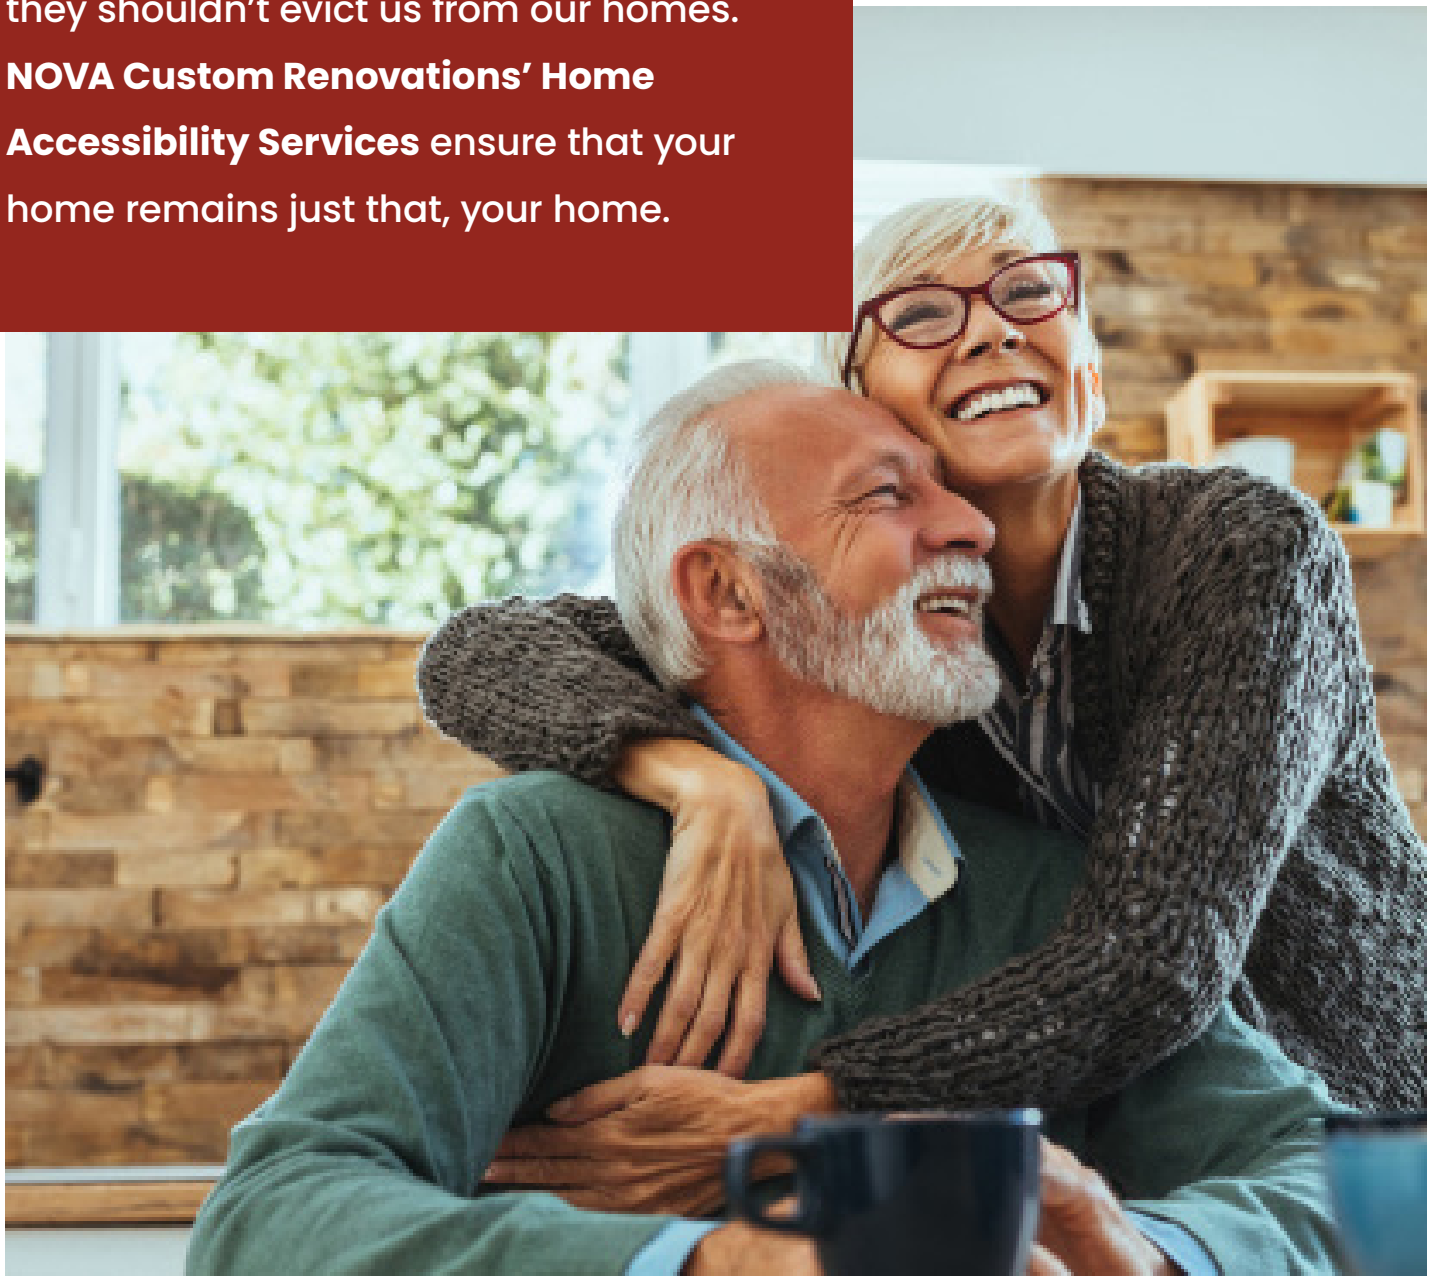

Age and accidents happen to us all. But they shouldn't evict us from our homes. **NOVA Custom Renovations' Home Accessibility Services** ensure that your home remains just that, your home.

WHAT DO WE MEAN BY ACCESSIBILITY?

Each and every day, countless people are forced to leave the homes they love due to an accident or advancing age.

This is totally unnecessary.

The simple truth is that most homes are built for earlier chapters of our lives, when our balance is nimble, knees don't hurt, and vision and hearing are clear.

So whether you're 50, 70, or older, your home should reflect your physical reality.

That's where we come in.

Our Accessibility and ADA services are designed to ensure your home meets your physical needs today and tomorrow.
